### **As a Man Thinketh**

Our innermost motivation comes from the heart, the place where God searches. God looks at the heart for leadership. Where does man look? Obviously, man is incapable of seeing the heart, so he focuses on the actions which may be contrary to our thoughts and beliefs. A leader is like a shepherd who cares for his flock. Every one is important and is counted.

There must be love in his heart for his people. It is not a personal thing. It is a people thing, and others may see clearly the motivations of the heart by our actions. God is the head, we have to be His followers. We worship God.

What motivates you as a leader? Why are you leading? Is it because you were asked to do so? Because it's a prestigious position, and one with benefits, or is it to gain control? Leadership is hard work, it takes much time, energy & planning. So those who are not prepared to work, should not take on leadership positions. Your leadership should add value to someone's life, and you must love doing it.

As a leader, growth is important, we must grow spiritually so that we have something to offer others. Also important is commitment. As we connect with other believers in the church or group we will learn to love in deeper ways and value others for who they are and not what we want them to be.

We worship God in church, but we must also do so in our daily life, seeking his presence & guidance. The enemy is real.

Jer. 17:9 says: the heart is deceitful above all things and desperately wicked: who can know it? We must worship in Spirit & truth.

**My happiness today is simply the result of my thinking.** -  
 Happiness starts with you - not with your relationships, not with your job, not with your money, but WITH YOU.

It is not always easy to find happiness in ourselves, but it is always impossible to find it elsewhere. Regardless of the situation you face, your attitude is your choice.

Remember, you can't have a positive life with a negative attitude. When negativity controls your thoughts, it limits your behavior, actions, and opportunities.

If you realized how powerful your thoughts were, you would try your best to never think another negative

### ● **Expect An Answer**

*Author Unknown*

As a drought continued for what seemed an eternity, a small community of farmers was in a quandary as to what to do. Rain was important to keep their crops healthy and sustain the way of life of the townspeople.

As the problem became more acute, a local pastor called a prayer meeting to ask for rain.

Many people arrived. The pastor greeted most of them as they filed in. As he walked to the front of the church to officially begin the meeting he noticed most people were chatting across the aisles and socializing with friends. When he reached the front his thoughts were on quieting the attendees and starting the meeting.

His eyes scanned the crowd as he asked for quiet. He noticed an eleven year-old girl sitting quietly in the front row. Her face was beaming with excitement. Next to her, poised and ready for use, was a bright red umbrella. The little girl's beauty and innocence made the pastor smile as he realized how much faith she possessed. No one else in the congregation had brought an umbrella.

All came to pray for rain, but the little girl had come expecting God to answer...

### **Reflection Questions**

When have you asked for something but at the time you did not truly believe it was possible for you?

- Looking back now, could it have been possible?
- When have you asked for something and believed with all of your being it would become true?
- Looking back now, did it happen?

**Happy Birthday!**

Love only grows by sharing. You can only have more for yourself by giving it away to others.

The natural man does not receive the things of the Spirit of God, for they are foolishness to him, nor can he know them, because they are spiritually discerned. 1 Cor, 2:14 (NIRV)

### Think On This:

*Do your best to help one person every day in some small way. By becoming the answer to someone's prayer, we often find the answers to our own. When the people around us are happier, it's a lot easier to smile.*
